#22-56 Joint Motion by Member Wilson, Mayor Siddiqui, and Member Fantini in collaboration with Student Member Killian and Student Member Vera-DeGraff

WHEREAS: Most of the high school and upper school students are responsible for commuting themselves to and from school every day; and

WHEREAS: There are approximately 742 students or 40% of the total student body at CRLS currently using the M7 transit cards which are designated for students who qualify for free or reduced lunch benefits; and

WHEREAS: Students are continually penalized for being tardy their first period regardless of transportation circumstances; and

WHEREAS: Many high school students hold summer jobs through the Mayor's Summer Youth Employment Program (MSYEP) or other job opportunities; and

WHEREAS: The city of Somerville, Massachusetts has started a pilot program to give students preloaded monthly Massachusetts Bay Transportation Authority (MBTA) passes, or CharlieCards, so they have a reliable source of transportation to and from school regardless of economic status; and

WHEREAS: Somerville High School's enrollment is similar to CRLS at roughly 1,400 students compared to roughly 1,800 students; and

WHEREAS: Somerville's FY2022 budget estimated at 99.6 million dollars for their education system compared to Cambridge's FY2022 budget at 223.7 million dollars and has managed to implement this pilot program; and

WHEREAS: Larger cities, such as Washington, D.C. and Los Angeles, California have implemented programs for free public transit for every student enrolled in their public school system and at a community college; and

WHEREAS: The MBTA has a program to provide students on free/reduced lunch with free M7 CharlieCards through the months of September through June; and

WHEREAS: Cambridge Public School District (CPSD) had a proposed budget of 232,389,140 dollars for the 2022-23 school year; and

WHEREAS: The proposed CPSD budget allocates 12,207,028 dollars towards transportation (or five percent of proposed total budget; and

WHEREAS: Students deserve a safe and reliable means of transportation to and from school; and

WHEREAS: Students should avoid the financial burden to pay 17 dollars a week on transportation to school; and

WHEREAS: The Cambridge Youth Council (CYC) has been actively working on this resolution since October of 2021; and has been active in the issue since 2018 when they rallied to establish free M7 CharlieCards for free/reduced lunch students; now therefore be it

RESOLVED: That the School Committee do serious research in conjunction with the MBTA and the City of Cambridge to consider implementing a program to distribute free M7 CharlieCards to all students at CRLS, regardless of free/reduced lunch status; and be it further

RESOLVED: That due to participation in MSYEP or other summer job opportunities, that these CharlieCards remain activated throughout not only the school year but the summer as well; and be it further

RESOLVED: That upon an agreement with the MBTA, CPSD will distribute free yearly M7 CharlieCards to all high school and upper school students; and be it further

RESOLVED: That this motion be referred to the Superintendent, for the Superintendent and Mayor to share an update with the School Committee by June 1, 2022.

A discussion followed on #22-56.

Member Wilson gave more context to the motion. **Member Rojas** asked for the reasoning behind the motion and why it was not a part of the budget discussions. **Member Wilson** specified that the funds do not come out of the school budget but rather the city budget. **Member Rojas** mentioned that students who cycle should also be included in the motion (i.e. maintenance tune-up for bicycles). **Member Wilson** reported there have been 2,000 CharlieCards distributed to students at the high school level this school year. She recommended sending a survey out to students to get better insights into all student commuting methods.

Vice-Chair Rachel, Member Weinstein, Member Fantini, and Student Member Killian each spoke briefly on their support of the motion.

On a motion by Member Wilson, seconded by Vice-Chair Rachel, **#22-56** was adopted via voice vote and will be referred to the Superintendent.

The Chair returned to the regular order of business.

7. Superintendent's Agenda:

7a. Presentations:

Mayor Siddiqui passed the floor to the administration for a presentation on the RSTA program review. The full presentation can be found on the website.

At the end of the presentation, Mayor Siddiqui opened the floor to the Committee members for questions and discussions.

Vice-Chair Rachel discussed the initial motion for the RSTA review which was brought forward by herself, Member Wilson, and Member Fantini, and Member Fantini's motion from last year about eliminating the SOLVED Collaborative which was referred to the Superintendent). **Vice-Chair Rachel** acknowledged the efforts made regarding the initial first steps for a review of the RSTA program and is proposing to create an ad-hoc sub-committee to get a deeper dive into more data analysis of the program.

Member Weinstein inquired "how does the RSTA vision support a liberal arts model" (i.e. a student who is still unsure about their career path upon graduating high school) and inquired the district's plan with

integrating students with disabilities into the RSTA/CTE model. Dr. Greer responded that if CTE programs are implemented correctly, they provide excellent resources for students with diverse learning needs. She responded that part of the design work for the district is to create a framework for students with liberal art interests or with interests that are available with the current offerings from the district.

Dr. Brown mentioned that the goal of the RSTA program is to have students explore career pathways instead of "locking" them into a specific field of study.

Member Fantini discussed MYCAP and the significance it can have on students enrolled in an RSTA program. Dr. Greer responded that the district has a goal to leverage MYCAP to students in the upper schools so they can have that guidance before entering high school. Principal Smith responded that the district and high school will need to keep the momentum of MYCAP going and one of the challenges the high school is having is scalability and reiterated that the goal is to leverage the program sooner for students – particularly at the ninth-grade level. Member Fantini mentioned that there is a total of fifty-seven CTE programs in the state-and that-vocational education is becoming more and more prominent as people are starting to realize the benefits. He discussed some of the programs offered through Somerville and that the city focuses on offering programs that lead to greater salaries for students who graduate from their vocational program. Vice-Chair Rachel explained-the reasoning why students in Cambridge have not been able to benefit from the SOLVED program. Member Fantini inquired about the availability of students in Cambridge being able to utilize other programs in Somerville, Waltham, and Boston through the SOLVED program.

Member Rojas discussed the importance of introducing career programs to students are early as Kindergarten and inquired about student eligibility in the co-op program for RSTA and non-RSTA students. Dr. Ananis mentioned that the co-op program for the RSTA program is exclusively for 12th graders, due to state regulations. However, non-RSTA 11th graders are eligible for co-op opportunities. **Member Rojas** asked the Superintendent about her thoughts on internships being available exclusively for eleventh and 12th graders. Dr. Greer responded that having internships at the 11th and 12th-grade levels is too late and should be done sooner as she believes skill-building in students can be extremely beneficial for adolescents if these programs are offered earlier.

Student Member Killian discussed programs not offered by the district (i.e. innovative pathways, college and career academies, 9-13/9-14 programs) and if the district has ever considered implementing those or similar programs. Dr. Turk gave background on the history of the RSTA program implementation. **Student Member Killian** also inquired about the possible expansion of RSTA programs at the upper schools. Dr. Greer responded that the first would be to create an opportunity for exploration and usage of MYCAP. Dr. Gittens responded that one of the major drivers is to ensure students and caregivers have a vast knowledge of the RSTA program. Dr. Brown mentioned that survey data will be another important driver in how the district can create best practices regarding the expanding RSTA to the upper-level schools.

Member Wilson stated that she wanted to see the student demographics of the program but she appreciates the idea to have exploratory options for younger students at the upper schools. **Member Wilson** also discussed MYCAP and Student Success Plans and asked about the differences and similarities between them. Dr. Brown responded that MYCAP is an existing tool of the student success plan. The difference is that the student success plan can consist of many factors and tools which include MYCAP.

Mayor Siddiqui expressed her excitement about the progress surrounding early college and the improvements the district is making to the RSTA program. **Mayor Siddiqui** also discussed the importance of implementing these programs early and urged the district to utilize the City Council as a partner.

9. School Committee Agenda (Policy Matters/Notifications/Requests for Information): #22-57 Joint Motion by Member Wilson, Mayor Siddiqui, and Member Fantini

WHEREAS: Cambridge Public Schools (CPS) only offers printed versions of high school transcripts for former students and electronic copies to current students to send colleges, universities, and employers; and

WHEREAS: Many former students may not have time or access to free technology in order to make copies, scan, and upload or mail transcripts; and

WHEREAS: User-friendly online services allow students to receive an electronic copy of their transcript to send to as many places as they would like; and

WHEREAS: E-transcript delivery services allow students to have a PDF file of their transcript and avoid requesting from CPS each time; and

WHEREAS: E-transcript delivery services will make students' lives easier and will significantly cut work time for employees coordinating handling said transcript logistics; and

WHEREAS: E-transcript delivery services offer free professional training on how to use their software and allow for other record digitization outside of transcripts; and

WHEREAS: An e-transcript delivery service would likely be more cost-effective and environmentally conscious than having paper and ink printed hard-copy transcripts, creating less cost-burden on both the school and the students; now therefore be it

RESOLVED: That CPS records staff and relevant others attend necessary training from expert staff on e-transcript delivery services; and be it further

RESOLVED: That CPS commits to using an e-transcript delivery service to cut cost and effort burdens placed on both former and current students trying to pursue post-secondary options.

A brief discussion followed on #22-57.

On a motion by Member Wilson, seconded by Member Fantini, #22-57 was adopted via a voice vote.
